

BERTOLINI®

ESSENTIALS SERIES

The **Essentials Series** is sturdily built with durability and value in mind. This comfortable chair stacks 6 to 8 high, making it an ideal seating choice in flexible areas. It features a plush, 3.5" (8.89 cm) foam cushion seat with an economical plywood seat base.

PRODUCT FEATURES

- 1** Supports up to 1,000 lbs with a close looped frame and torsion bar system
- 2** Provides back support and comfort with an enhanced cutaway lumbar
- 3** Rolled seat cushion edge gives leg pressure relief
- 4** Built using a commercial grade, 3.5-inch dual-density seat cushion for unmatched comfort
- 5** Durable seat & back construction holds up to years of commercial use
- 6** Booted glides protect floors and to eliminate swivel-glide failure

STANDARD FRAME OPTIONS

20-in Wide Seat
(Standard)

With Arms

BERTOLINI MODULAR SYSTEM

All Bertolini models, including arm chairs, interlock with each other to provide mix and match modular flexibility.

FABRIC

Our commercial-grade polyolefin fabrics are double-rub tested up to 250,000 times without showing signs of wear.

FINISH

The ultra-durable powder-coat is electro-statically applied and baked at over F (204° C). The Finish has been saltwater tested for more than 800 hours.

FRAME

The 16-gauge bar system features 1010 cold-rolled carbon steel with integrated torsion bar for extra strength.

MANDREL CLOSED-LOOP FRAME

A mandrel bent closed-loop frame prevents flexing of the back and ensures durability.

EXCLUSIVE DUAL-DENSITY FOAM

Commercial grade dual-density virgin foam ensures all-day comfort and resiliency for the life of the chair.

STACK BUTTONS

Includes extra-wide stack buttons for efficient stacking to help protect your investment.

RADIUS-EDGE ELEGANCE

Our exclusive radius-edge steel frame provides a softer, more elegant look and extends the life of the finish when stacked.

T-NUT FASTENERS

T-nut metal-to-metal fastening makes for rock-solid durability.

RETRACTABLE INTERLOCK GANGING

The retractable ganging interlocks easily. Mount under your chair to link chairs into straight rows.

RADIUS GANGING

The radius interlocks allow enough space to form a gentle curve. Available at no additional charge.

STANDARD GANGING

The straight interlocks hold chairs tightly together. Available at no additional charge.

BOOTED GLIDES

The noncorrosive, zero-maintenance, booted glides protect your chairs and your floors, and avoid swivel-glide failure.

ARMS

Boost comfort with optional armrests. Arm height: 26.7" (67.9 cm).
