

BERTOLINI™

QUICKSHIP COLLECTION
ESSENTIALS QS

The **Essentials QS** chairs provide all the important features you need in a sanctuary chair that's built-to-last with quicker availability. The chairs have a durable, USA-made frame that's backed by a limited lifetime warranty, a comfortable 3.5-inch cushion, and an entry-level price point for unmatched value.

PRODUCT FEATURES

- 1** Supports up to 1,000 lbs with a close looped frame and torsion bar system
- 2** Provides back support and comfort with an enhanced cutaway lumbar
- 3** Constructed to give leg relief with a rolled front seat cushion
- 4** Built using a commercial grade, 3.5-inch dual-density seat cushion for unmatched comfort
- 5** Holds up to years of hard use with a durable seat and back construction with T-nut metal to metal fastening
- 6** Booted rocker glides created to eliminate swivel glide failure and exposed frame corners

STANDARD FABRIC OPTIONS

STANDARD FRAME OPTIONS

Also available with arms

BERTOLINI MODULAR SYSTEM

All Bertolini models, including arm chairs, interlock with each other to provide mix and match modular flexibility.

LIMITED
LIFETIME WARRANTY

FABRIC

Our commercial-grade polyolefin fabrics are double-rub tested 250,000 times without showing signs of wear.

FINISH

The ultra-durable powder-coat is electrostatically applied and baked at over 400°, and then saltwater tested for more than 800 hours.

FRAME

The 16-gauge 1010 cold-rolled carbon steel with integrated torsion bar for extra strength that supports up to 1,000 lbs—all made in the USA!

MANDREL CLOSED-LOOP FRAME

A mandrel bent closed-loop frame prevents flexing of the back and ensures durability.

COMMERCIAL GRADE VIRGIN FOAM

The 2-lbs commercial-grade virgin foam ensures comfort and resiliency for the life of the chair.

STACK BUTTONS

The extra-wide stack buttons for efficient stacking help protect your investment.

RADIUS-EDGE ELEGANCE

Our exclusive radius-edge steel frame provides a softer, more elegant look and extends the life of the finish when stacked.

T-NUT FASTENERS

T-nut metal-to-metal fastening makes for rock-solid durability.

RETRACTABLE INTERLOCKS

Optional retractable interlocks easily mount under your chair to provide linking of chairs into rows.

BOOTED ROCKER GLIDES

The noncorrosive, ribbed and booted self-leveling rocker glides eliminate swivel-glide failure.

EASY-USE INTERLOCKS

The straight interlocks hold chairs tightly together, while radius interlocks allow enough space to form a gentle curve. Available at no additional charge.
