

BERTOLINI™

QUICKSHIP COLLECTION

MILLENNIA QS

The **Millennia QS** chairs offer immediate availability along with an expanded set of features and enhanced styling that's built-to-last. This quick-ship chair features a durable, USA-made frame backed by a limited lifetime warranty, the comfortable 3.5-inch cushion, contoured ergonomic backrest with silhouette styling (no exposed frame), and low price point provide unmatched value.

PRODUCT FEATURES

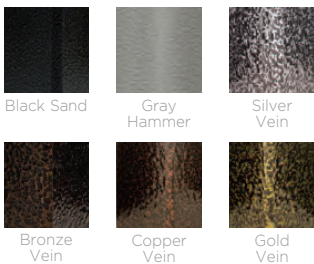

- 1** Superior comfort and durability is guaranteed with this fully upholstered Ergo-V back
- 2** Added back comfort provided by the enhanced cutaway lumbar
- 3** Constructed to give leg relief with a rolled front seat cushion
- 4** Sturdy wooden seat features 3.5-inch commercial-grade foam and T-nut metal-to-metal fastening
- 5** Supports up to 1,000 lbs with the heavy-duty 16-gauge cold-rolled steel frame and integrated torsion bar
- 6** Booted rocker glides created to eliminate swivel glide failure and exposed frame corners

STANDARD FABRIC OPTIONS

STANDARD FRAME OPTIONS

BERTOLINI MODULAR SYSTEM

All Bertolini models, including arm chairs, interlock with each other to provide mix and match modular flexibility.

LIMITED
LIFETIME WARRANTY

FULLY UPHOLSTERED OUTER BACK

The fully upholstered back provides a superior look and sound absorption.

ERGO-V ERGONOMIC BACK FOUNDATION

The multi-contoured V shape supports the lower back and cradles the upper shoulders.

FABRIC

Our commercial-grade polyolefin fabrics are double-rub tested up to 250,000 times without showing signs of wear.

FINISH

The ultra-durable powder-coat is electrostatically applied and baked at over 400°, and then saltwater tested for more than 800 hours.

COMMERCIAL GRADE VIRGIN FOAM

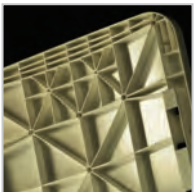

The 2-lbs commercial-grade, virgin foam ensures comfort and resiliency for the life of the chair.

STRONGEST FRAME

The 16-gauge bar system features 1010 cold-rolled carbon steel with integrated torsion that supports up to 1,000 lbs—all made in the USA!

STACK BUTTONS

The extra-wide stacking buttons provide efficient stacking to protect your investment.

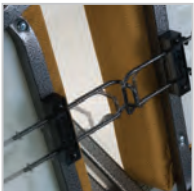

ERGO-V BACK DESIGN

Proprietary Ergo-V support system provides ergonomic comfort and durability while creating a lighter, easier to handle chair.

RADIUS-EDGE ELEGANCE

Our exclusive radius-edge steel frame provides a softer, more elegant look while extending the life of the finish when stacked.

RETRACTABLE INTERLOCKS

Optional retractable Interlocks easily mount under your chair for linking the chairs into rows.

T-NUT FASTENERS

The t-nut metal-to-metal fastening provides rock-solid durability.

EASY-USE INTERLOCKS

The straight interlocks hold chairs tightly together, while radius interlocks allow enough space to form a gentle curve. Available at no additional charge.

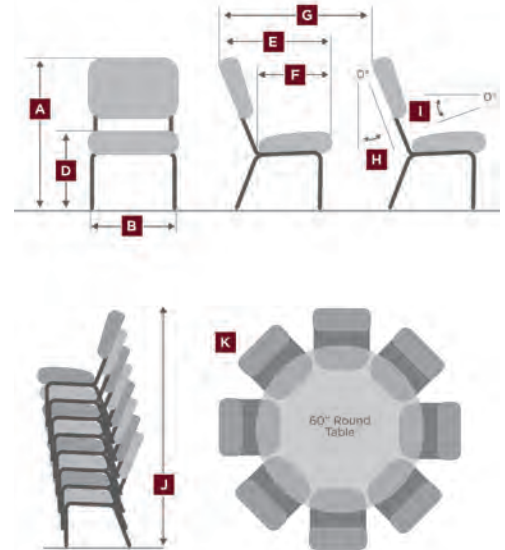

BOOTED ROCKER GLIDES

The noncorrosive, ribbed, and booted self-leveling rocker glides eliminate swivel-glide failure.
