Overview

Not every church event needs a full-size table. The ABS Cocktail Table gives you a smaller surface for refreshments, welcome areas, displays, casual conversations, and other spots where a little extra table space comes in handy.

Choose a fixed-height option or an adjustable column that moves between 30, 36, and 42 inches to accommodate seated or standing use. Complete the table with your choice of an X-base or trumpet base. The stain-resistant ABS tabletop wipes clean easily, while durable construction and shock-absorbing edges hold up regardless of the number of events on your calendar.
