

BERTOLINI®

HD Premier Stacking Chair

Top Benefits

- **Sleek Design:** Clean, minimalistic black-on-black style with a sled base frame
- **Durable 2-in-1 Floor Glides:** Clear glides protect floors & attach chairs together (via built-in ganging clips)
- **#1 in Comfort:** Flexible mesh fabric conforms to the shape of the body; a curved back enhances comfort
- **FREE Storage Cart:** Stacks 30 high in the cart, which comes FREE with the purchase of 30 chairs

Overview

The HD Premier Stacking Chair is our highest-end model. Modern and minimalistic, the HD Premier Stacking Chair is extremely comfortable, thanks to flexible, mesh fabric surfaces that support the body with ease.

The sleek, stackable frame is built with a solid steel rod and features a curved backrest, adding greater comfort. The seats and backrests are made of breathable, OEKO-TEX® 100 Certified Grade 2 Mesh fabric, which is the industry standard in non-irritating fabric.

Practical and low-profile, this stacking chair has 2-in-1 floor glides that protect the floor and have built-in ganging clips on the side of the glides to connect chairs together into rows. The HD Premier Stacking Chair is an ideal event chair for all types of multi-purpose areas — including concert and performance venues, training rooms, cafeterias, libraries, healthcare seating, and other public places.

A FREE cart is included with each stack of 30 chairs.
