Overview

When your church regularly changes the setup in classrooms, fellowship halls, and multipurpose spaces, keeping tables organized makes the next setup easier. The Rectangle Table Cart – Edge (RT Cart – Edge) stores folding tables upright, so staff and volunteers can load, transport, and access tables without stacking them flat.

Depending on the cart and table size, it holds 7 to 10 tables ranging from 5 to 8 feet long. Side supports keep tables upright during transport, while multiple handles and swivel casters make the loaded cart easier to maneuver throughout your church building.
