

BERTOLINI®

RT Cart - Flat

Top Benefits

- **Simplify Room Resets:** Reduce trips during setup and takedown.
- **Help Protect Your Floors:** Non-marring wheels reduce marks during transport.
- **Move More Tables at Once:** Transports 10 to 20 rectangular tables.
- **Steer with Better Control:** Swivel-caster placement makes maneuvering easier.

Overview

When a fellowship hall or multipurpose space needs a complete reset, moving tables one at a time eats up a lot of time. The flat, rectangular table cart (RT Cart – Flat) lets staff and volunteers stack and transport 10 to 20 tables at once, depending on table size.

Tables stack flat on the open cart, with stacking buttons in the corner that keep them aligned during transport. A handle at the swivel-caster end provides easier steering through your church building, while non-marring wheels to protect floors along the way.

Features

- Durable, powder-coated steel frame
- Easy to handle, move, and store
- Non-marring wheels and casters
- Holds 10-20 tables
